

W. D. CORNISH ON THE SITUATION.

Admits That He Has Been Studying San Pedro Project.

SCHUMAKER AND REEVES.

They Are Also Studying the Traffic Situation Today Down in Vicinity of Calientes.

A dispatch to the "News" this morning from San Francisco says: "W. D. Cornish of New York, vice president of the Union Pacific railroad, has departed for the east after devoting two weeks to sight-seeing in California. He said before leaving that the only railroad matter that had engaged his attention during his stay in this state was the proposed new line from Salt Lake to Los Angeles and that his trip to the southern part of the state was largely for the purpose of studying the situation and its bearing on the projects of E. H. Harriman and Senator Clark."

In this connection it is perhaps interesting to note that Acting Traffic Manager T. M. Schumacher and Assistant General Freight Agent J. A. Reeves of the Oregon Short Line left for the south on last night's train with Calientes as their destination, where they will leave the cars and make a personal inspection looking toward a report on the tonnage factors that yet undeveloped district which is to be tapped by the line through to Los Angeles.

RAILROAD LEGISLATION.

Present Status of Movement Regarding Inter-State Commerce Violations.

E. P. Bacon of Milwaukee, Wis., chairman of the executive committee of the Interstate Commerce Law Convention, in a letter to the "News" in which he sets forth the present status of the movement inaugurated by the committee at the last session of Congress for legislation giving greater effectiveness to the Interstate Commerce law, says:

"The hearings on the several bills which were referred to the appropriate committees of the respective houses at the last session were brought to a close just before adjournment; the committees having held numerous sittings for the purpose, at which representatives of various branches of trade from all sections of the country were heard, all of whom strongly advocated the passage of the bill known as the Nelson-Corliss bill, which was introduced through the instrumentality of this committee. The Nelson bill, which was introduced in the senate by the chairman of the committee on interstate commerce, seemed to be regarded with special favor by the members of that committee, and it received the support of important eastern railway interests. That committee having indicated a readiness to make an amendment to the bill as might be agreed upon between the executive committee of the Interstate Commerce Law Convention and representatives of the railway interests referred to, a conference was held on the subject at which certain changes were agreed upon, and the bill so amended is now pending in the senate committee. It is understood that the amended bill as now introduced will maintain a neutral attitude in relation to the provision authorizing the pooling of traffic or earnings, the convention having taken no action upon that subject. An identical bill is before the house committee on interstate and foreign commerce. As will be observed, the bill as amended embraces the essential provisions of the Nelson-Corliss bill. The course of procedure under it is of a less summary character than that prescribed in the latter, but it is believed that it will prove effective."

"The coming session being a short one, the committee will direct its energies to securing early action upon the bill. It is believed that this legislation will not only be effective in protecting the public against undue exactions from the constantly increasing combination of railway lines, but will prevent the great industrial combinations which have been an important factor in their development."

U. P. REPORT.

Shows Increase of Over Six Millions in Gross Income.

The annual report of the Union Pacific has been made public. The total income was \$26,521,655, against \$20,010,279 last year; the surplus over fixed charges was \$1,432,175, as compared with \$1,268,000 last year, and the surplus after the payment of all dividends was \$3,315,961, as against \$3,554,081 last year. The report says that a failure of the corn crop in one section tended to prevent the Union Pacific lines were nearly offset by an extra yield of other crops on other parts of the system, and an enormous increase in shipments of agricultural products made a gross increase in all shipments.

There was appropriated from the year's income \$2,000,000 for betterments, improvements and equipment, an increase of \$500,000. The capital stock was increased \$2,016,257 and the bonded debt decreased \$894,800.

MORGAN NOT IN IT.

So Says the Illinois Central—Files Answer to Merger Complaint.

Washington, Nov. 11.—The Illinois Central and Cincinnati, New Orleans & Texas Pacific railroads, two of the lines named as delinquents in the complaint of the Kentucky state railroad commission charging mergers of interests of all the railroads in the southern territory, have filed answers with the in-

LISTEN TO IT!

Our argument for Three Crown Baking Powder is one that cannot fail to give you a good idea of what to expect from using a first-class article. It is the best argument we can make for its use. Its quality is good, it is not expensive, and it gives character to your baking products and gives health to your family. We want you to try it because it is full of the qualities which we know will give you satisfaction. Every can guaranteed to give satisfaction or money refunded. Nothing fairer.

HEWLETT BROS. CO.

terstate commerce commission making a general denial of the allegations in the complaint. The answers specifically deny that the specified railroads cover all the important railroad lines and constitute all the railroad lines in the territory south of the Gulf of Mexico and eastward from the Mississippi river to the Atlantic ocean.

The answers further deny that J. P. Morgan & Co. of New York, has been in effect, the legal owner, or controls the affairs of the railroads owned, or controlled or operated by the Illinois Central.

The answer of the Texas Pacific system says it has no knowledge whatever of the Morgan firm controlling the property mentioned in the complaint or has secured control, management and operation of the affairs of the various lines; denies that the business of the southern states mentioned will in any manner at all be dominated or controlled by a few individuals and denies knowledge of all the charges in detail and demands proof of them or the dismissal of the complaint.

F. M. MILLER IS APPOINTED.

New Traveling Passenger Agent for Rock Island Arrives on Saturday.

Frank G. Miller, an eastern railroad man, has been appointed as traveling passenger agent with headquarters in Salt Lake for the Rock Island to succeed Walter H. Townsend, who resigned on the first of the month. District Passenger Agent E. Drake will leave for Denver tomorrow where he goes to meet the new man and bring him to his new position. Miller, who is a native of Los Angeles, Nov. 13.—Discussing the demand for increased wages among the railway brotherhood in the employ of the Santa Fe railroad, said:

Moffat Goes East.

Denver, Colo., Nov. 10.—D. H. Moffat, W. G. Evans and Rodney Currier have left for New York on business connected with the Denver, North-western & Pacific railroad. A close friend of Mr. Moffat said today that the trip of Mr. Moffat and his associates to New York is at this time due to the recent visit of George M. Boisservan, the Holland capitalist, and his convention by which the Denver and Pacific railroad is to be sold to him. Mr. Moffat is expected to return to Denver, and that they are going to build a road through to San Francisco, instead of stopping at Salt Lake.

The Demand for an Increase.

"So far as the Santa Fe is concerned we have had New York. The subject soon will be submitted. Up to this time no formal request has been made. What the new schedules are as proposed I do not know and knowing the general conditions of the railroad brotherhood I am convinced both sides in any controversy that may arise will settle their affairs amicably. I will not say there will be no trouble, but I am convinced that differences may be up will be adjusted by the reasonable stand of all parties to the controversy."

SPIKE AND RAIL.

Judging from the dispatches D. O. Moffat will not be in attendance at the Commercial club banquet this evening.

The old officers of the Rio Grande Western were re-elected at the annual directors' meeting in New York yesterday.

The Denver papers contain a New York special which states that the Rio Grande lines have been sold to a syndicate composed of E. H. Harriman, Edwin Hawley and others.

General Manager W. H. Bancroft of the Oregon Short Line left this morning at 7 o'clock for Wyoming, where he goes to meet Mrs. Bancroft, who has been visiting in the east.

The sales of the Denver & Rio Grande and Colorado Southern railroad property in Arapahoe, Park and Rio Grande counties, which were advertised to be held yesterday, for non-payment of taxes, were prevented by injunctions issued by Judge Hallett in the United States circuit court. The effect of the applications for injunctions is to throw the controversy between the railroads and the state authorities into the federal court. Similar applications for injunctions will follow, directed to all counties offering the railroads for sale.

TELLURIDE VS CAPT. DE LAMAR

Important Case Taken Up by Judge Morse Today.

FORMER DEMANDS \$54,070.

This Sum Alleged to be Due for Power Furnished for Operation of Golden Gate Mill.

The trial of the case of the Telluride Power Transmission company vs J. R. De La Mar, which was transferred from Tooele county to this county, was taken up before Judge Morse this morning. The action was brought to recover judgment for an aggregate amount of \$54,070 alleged to be due for power furnished by the plaintiff for the operation of the Golden Gate mill at Mercur belonging to defendant.

The contract for furnishing the power was entered into between the plaintiff and defendant on July 15, 1897. The period of time during which the power was alleged to have been furnished is from December, 1897, to April, 1900. The plaintiff is represented by Atty. Brown and Henderson, W. W. Story, A. E. Woodcock and W. D. Lachner. The defendant in his answer and cross-complaint denies that he is indebted to plaintiff in any sum whatever, and alleges that he has been damaged, by reason of the failure of plaintiff to furnish the proper quantity of power as provided in the contract, in the total sum of \$106,000, for which amount he asks judgment against the plaintiff company. Atty. Dickson, Ellis & Ellis represent the defendant.

Only two witnesses were examined up to three o'clock this afternoon. It is expected that the trial of the case will take nearly a month.

FEDERAL COURT.

Receiver William M. Bradley of the Bear River Irrigation and Ogden Waterworks company has been authorized by Judge Marshall of the United States court to make a sale of a section of disputed land in Boxelder county for \$15,000. Under the order of the court the money is to be held as a special fund pending the hearing of an intervention petition brought by the Bear River Land, Orchard and Beet Sugar company.

The case of the United States against the Union Pacific Railroad and Coal companies, a suit in which the United States claims an interest in a half-section of land in Summit county, has been decided in the federal court.

In the suit of Harris & Co. of Omaha to recover \$75,000 from James Chipman, which came before the United States court yesterday afternoon, the attorney for plaintiff presented a motion for judgment in the form of asking that immediate judgment be given for his clients if the defendant's plea in bar was not sustained. The court gave judgment for the plaintiff yesterday, and a brief on the question raised by the Omaha attorney, and gave the latter until December 15 to file an answer. He briefly traced the history of the descendants of Jared to the last existing man in which not only the men, but the women and children also engaged in the ready strife which finally destroyed that whole people. The duel between Coriantumr and Shiz was vividly portrayed and the arising of Shiz after his decapitation was paralleled by similar instances observed during the late civil war in this country. Then the loneliness and desolation of Coriantumr, the sole survivor of a great people, were described and commented upon. The lecturer then sketched the possibilities of his long journey from the present site of New York to the land of Central America; and advanced two theories; first, that Coriantumr might have gone by water in a boat down the Ohio, the Mississippi, and across the Gulf of Mexico; second, that he might have made the entire trip overland, as this would have been entirely possible, the speaker giving two historical instances of similar journeys.

IN JUDGE DIEHL'S COURT

This morning Officer Olson arrested W. Pratts, a bartender at the Germania saloon on the charge of selling liquor to minors. It is alleged he sold whiskey and wine to a boy 10 years of age. He was required to deposit \$100 for his appearance November 25 to answer. A T. Gunter appeared for him and entered a plea of not guilty. The case was set for next Tuesday afternoon.

August Janschke, who was arrested last night by Detective Gillespie for beating up two boys, one of them named Thomas E. Hassard, pleaded not guilty to the charge of assault and battery. The boys appeared in court, their heads bandaged as though they had been chopping them with an axe. The trouble occurred in a saloon and Janschke struck the boys over the head with a billiard cue. Four witnesses testified that Janschke did this, and all testified that it was the porter who used the cue. Judge Diehl discharged the defendant.

Ah Quong, the Chinese vagrant who lives on garbage, when he is out of jail, was given 30 days for breaking into another Chinaman's abode.

On account of the prosecuting witness in the case of Ada Neal, the young colored woman charged with stealing \$5 from a white man, failing to show up, the case was dismissed and the woman discharged.

SECRETARY COXE BACK.

General Secy. Cox of the Y. M. C. A. has returned from Colorado Springs, where he has been in attendance on the annual convention of the Y. M. C. A. secretaries of the different associations of the state. Mr. Cox says there are associations in five of the cities, one railroad association, one army association and six college associations, all of which are doing well. State Secy. I. E. Brown of Illinois, and M. L. Hamilton of Chicago, one of the international secretaries for railroad work, were present and gave interesting talks. The progress in railroad work was reported as especially noticeable, there having been 35 buildings erected or secured in three

All responsible jewelers keep it

years, and with 18 more now being under way. The railroad companies are encouraging the Y. M. C. A. railroad work as much as possible because of the beneficial effect upon their men. The companies had tried the club system, but it did not come up to expectations, while the Y. M. C. A. scheme has succeeded in every attempt. The companies pay two-thirds of the cost of a building and the men pay the other third.

WILL CONSOLIDATE.

Jordan Farm, Elgin and Keystone Dairies Planning a Combine.

The Jordan Farm dairy, the Elgin Creamery company and the Keystone dairy are planning to combine, and this will be done if it can be shown that the scheme will pay. Albert J. Vorse of the Jordan company is engineering the move, and he expects to enlist eastern capital. The cause of the move is competition which has become so marked that milk has been for some time handled at a profit of only one cent per gallon, which does not pay. Then President Standish of the Keystone dairy has been elected county commissioner, and wants to give most of his time to his county duties, and President Hill of the Elgin is too ill to attend to business. Messrs. McCarrill and Vorse of the Jordan dairy, it is understood, will manage the new combine if carried out, and it is promised that there will be no advance in prices.

JOURNEY OF CORIANTUMR.

Elder George Reynolds Speaks Before Classes at L. D. S. University.

This morning from 10 to 11 in Barratt hall of the L. D. S. university, Elder Geo. Reynolds lectured on a very interesting phase of Book of Mormon history. He first gave an account of the Jaredites, in which he showed that it was probable that this people had built on this continent, one of the most extensive of the empires of antiquity. He compared the empire of the Jaredites in America with the empires of Assyria, Babylonia, Persia, Greece, and Rome, and showed that in territorial extent, at least, and most probably in other respects, the empire of the Jaredites far surpassed any of those of the eastern continent.

He briefly traced the history of the descendants of Jared to the last existing man in which not only the men, but the women and children also engaged in the ready strife which finally destroyed that whole people. The duel between Coriantumr and Shiz was vividly portrayed and the arising of Shiz after his decapitation was paralleled by similar instances observed during the late civil war in this country. Then the loneliness and desolation of Coriantumr, the sole survivor of a great people, were described and commented upon. The lecturer then sketched the possibilities of his long journey from the present site of New York to the land of Central America; and advanced two theories; first, that Coriantumr might have gone by water in a boat down the Ohio, the Mississippi, and across the Gulf of Mexico; second, that he might have made the entire trip overland, as this would have been entirely possible, the speaker giving two historical instances of similar journeys.

The lecture was replete with information and was listened to with earnest attention by the students in the Book of Mormon and missionary classes, about 300 in number.

WEAK WOMEN.

CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.

Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in a variety of forms, and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous ailments that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhoea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and emits highly diseased germs into the blood, such as typhoid and will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

For Sale in Salt Lake City by Nelden-Judson Drug Co.

LATE LOCALS.

J. E. Beveridge left today on a 10 days' mining trip to Nevada.

E. H. Dewey, son of the colonel, is a guest at the Kenyon from Nampa.

Mrs. W. V. Rice is giving a pleasant card party this afternoon in the Knutsford parlors.

The weather office does not look for any further shrinkage in the lake of any consequence this year.

The funeral of the late Alexander Cohn was held from the family residence at a late hour this afternoon.

The funeral of the late Mrs. Hoag will take place at 3:30 p. m. Thursday from the residence of Judge Hender. son, 557 east Second South street, with interment at Mt. Olivet.

S. C. Dallas left today on a 10 days' trip to Deep Creek, where he has worldly possessions. Mr. Dallas is equipped with a tent and various other useful things and hopes to enjoy himself.

A military band is being organized at the state university of 25 or 30 pieces, and the boys hope to accomplish considerable after they once get their ambouchure and fingers into trim.

Architect H. S. Hall of the Van-Dorn Iron company will return to this city in February to direct for his company the construction of the new city jail.

The hens are becoming spunky and are refusing to do their share in the food producing business. So, fresh eggs have gone up to 40 cents, and case eggs are going at 35 cents. Prices by the case are \$1.40 and \$1.49.

The Troy Laundry people feel aggrieved in that they have been overlooked in the complimentary bouquets handed out to local establishments, which have adopted the automatic stoker, and say they were the first to adopt the device in this city.

St. Mark's cathedral is to have new wax pipes, the improvement costing \$1,000. This is the old style which obtained years ago in Episcopal churches especially, and occupants feel more at home in them than in the more modern ones. At the same time, the work of the janitor is increased, as he has to enter each pew to sweep it out. The organ will not be moved for the present as this would cost \$400, and money is needed in other directions.

While out at his mining claims in Polce canyon the other day, Milano Pratt, a well known resident of this city, had the misfortune to knock the skin off the knuckles of his right hand by laying an ordinary house fly bit on the affected part, causing blood poisoning to set in. The result is that Mr. Pratt now wears his arm in a sling and may do so for some time to come.

As an illustration of the rise in the necessities of life in the last few years, a local marketman contrasted today prices in pork products with those obtained a decade ago. "Sowbelly" now selling for 15 cents, then brought 7 cents. Breakfast bacon now bringing 35 cents, then sold at 15 cents; and ham is now 14 cents.

The management of the Little estate is not at all apprehensive as to the threatened suit of J. T. Calvin of Lowell, N. Y., in the United States court in this city, to prevent what has already been accomplished, viz, the division and settlement of the Grand Hotel property. Mr. Calvin owns 40 shares in the hotel company, which are quoted as worth \$50 per share, while he claims \$100, and imagines he is being done up.

At yesterday afternoon's meeting of the board of public works, no bids were reported on the Liberty Park greenhouse, as plans had not been furnished to bidders, so the matter went over for two weeks. The board approved of a lot of estimates furnished by the engineers on the street paving work for October, amounting to about \$35,000, and the appointment of W. O. Perkins as clerk of the board. The city council was recommended to order paving with stone the street intersections at Second West street between First and Second North.

Bandmaster Held has ordered of Conn four French horns pitched in E flat, to replace the present instruments used in his band. All four horns from the same makers ensures their being voiced exactly alike, and being made in the alto instrument pitch, the use of special crooks will be avoided, and the horns operate to the best advantage because played in their natural pitch. French horns are as a usual thing pitched in F, and either an array of crooks necessary for different changes in pitch in orchestra work, or else the performer must transpose, which is difficult for some musicians. In military band con-

WOMAN'S WEALTH IS HEALTH

Paine's Celery Compound

GIVES VITALITY, VIGOR AND STRENGTH TO DEBILITATED AND RUNDOWN WOMEN.

It is maintained by many distinguished writers that the greatness of a nation depends much upon the physical condition of its women. The general conditions which contribute to health and long life, are those which do not imply a rapid and unequal exhaustion of those powers by which life is maintained. While we assert that the women of our land stand peerless for beauty and the virtues that make them lovable, we cannot hide the fact that there are thousands in our midst who, owing to overwork, worry, household cares, and an unequal exhaustion of life power, have become weak, nervous, sleepless, and debilitated.

We bring to the attention of all weary, despondent, hopeless, and sickly women earth's great restorer and health-builder, Paine's Celery Compound. Thousands of healthy women around us owe their present vigor, activity, and robustness to Paine's Celery Compound. Mrs. Steven Smith, St. Paul, Minn., tells how she was snatched from the grave; she says:—

"I had a bad attack of grippe this spring and was at death's door, and no one ever expected me to recover. I was so weak that as soon as I brought me out of one faint I was in another. I could not take any nourishment all winter, while three months ago I was a bottle of Paine's Celery Compound, which he did, but had no faith in it. The second day after taking the Compound, I began to get real hungry and took an interest in things. I had everything that money and love could supply, and with that and Paine's Celery Compound, I am now doing my own work, while three months ago I was almost in the grave. I know that I owe my health and strength to Paine's Celery Compound, and shall always recommend it."

There are many ways to economize, but none so simply, entertaining, and satisfactory as the use of

GENERAL CHURCH NEWS.

Presidents Joseph P. Smith and Anthon H. Lund returned from Paris, Idaho, this morning after having attended the quarterly conference of the Bear Lake stake. They report having had a delightful time, the meetings being well attended and a good spirit prevailing at all of them.

The Seventies of Jordan stake, comprising the Twenty-third, Seventy-third, Ninety-third, Ninety-fourth and Ninety-fifth quorums, held a conference at Sandy yesterday morning and afternoon. The meetings were well attended throughout and the subjects discussed were interesting and instructive to all present. Presidents George Reynolds and Rulon S. Wells were in attendance and made remarks.

Word received at the President's office today indicating that Elders Wilford J. Wells and Peter Burton and wife, all of Nephi, arrived at Honolulu Oct. 22. They will labor as missionaries on the Sandwich Islands.

CHURCH NOTICES.

Ward Officers Y. M. M. I. A.

A meeting of the ward officers of the Y. M. M. I. A. of Salt Lake Stake will be held in room 25, Lion House, Wednesday evening, Nov. 12, at 7:30 o'clock. A full attendance of ward presidents, counselors and secretaries is earnestly desired.

STAKE SUPERINTENDENCY, Y. M. M. I. A.

Salt Lake High Priests.

The regular semi-monthly meeting of the High Priests of the Salt Lake Stake of Zion will be held in the Assembly hall Friday, Nov. 14, 1902, at 7 o'clock p. m. Those brethren who desired the High Priests to meet Friday evenings are specially requested to be present.

DAVID MCKENZIE, Pres.

The quarterly conference of the Granite Stake of Zion will convene in the Farmers' ward meetinghouse on Saturday, Nov. 15, 1902, at 10 o'clock a. m. and two o'clock p. m. and on Sunday, Nov. 16, 1902, at 11 o'clock a. m. and two o'clock p. m. It is desired that the Saints attend the meetings on Saturday.

FRANK Y. TAYLOR, JAMES R. MILLER, EDWIN BENNION, Stake Presidency.

AF TERNOON MINING CALL.

Market Was Dull—California Sold Down to 21 Cents.

The afternoon call on the mining exchange was characterized by considerable animation over small sales at reduced prices.

California, which sold from 27 1/2 to 28 cents in the morning, opened at 23 1/2 cents, and while over 4,000 shares changed hands the price declined to 21 cents but afterward reacted to 23 1/2 cents.
